MAIN ARENA 1

13:30 – 15:00 Symposium: The evolving evidence of IN.PACT DEB in claudication and CLI supported with an unrestricted educational grant by Medtronic
   CHAIRMAN: Erich Minar
   MODERATOR: Marianne Brodmann
   Peter Schneider

14:25 – 14:45 Live case transmission from Mercogliano
14:45 – 14:55 IN.PACT in BTK for CLI
   Andrej Schmidt
14:55 – 15:00 Conclusion by the chairman
14:15 – 14:25 IN.PACT in SFA for claudicants
   Peter Gaines
13:55 – 14:15 Live case transmission from Leipzig
13:35 – 13:45 IN.PACT pre-clinical findings
   Robert Melder
13:45 – 13:55 The value of evidence: the IN.PACT DEB case example
   Krishna Rocha-Singh
13:30 – 13:35 Introduction by the chairman

We are asking all faculty members to strictly respect the given time limits.
### MAIN ARENA 1

#### 15:00 – 16:30

**ISET @ LINC Innovations in popliteal and below the knee therapies**

**CHAIRMAN:**
- Barry Katzen
- Dierk Scheinert

**MODERATOR:**
- Karl-Ludwig Schulte
- Craig Walker
- Peter Gaines
- Krishna Rocha-Singh
- Reza Ghotbi

16:15 – 16:20
- Featured research: ETAP trial: 12 months results of stenting vs. PTA for popliteal artery obstructions
  - Live from Leipzig

16:20 – 16:25
- Featured research: SUPERA 500: Long-term follow-up of interwoven nitinol stents for treatment of femoral and popliteal arteries
  - Live from Leipzig
  - Dierk Scheinert

16:25 – 16:30
- Discussion and conclusion

#### 15:45 – 16:15

- Live case transmission from Miami

#### 15:00 – 15:05

- Introduction by the chairman

---

**We are asking all faculty members to strictly respect the given time limits.**
Thursday, January 24, 2013

DISCUSSION FORUM

09:00 – 10:00  VIVA @ LINC: The future of renal revascularization

CHAIRMAN:
Michael Jaff
Sean Lyden

DISCUSSANT:
Sean Lyden
Peter Soukas
Sumaira Macdonald
Chris Metzger
Krishna Rocha-Singh

09:00 – 10:00  Case presentation

We are asking all faculty members to strictly respect the given time limits.
**Thursday, January 24, 2013**

MAIN ARENA 1

15:00 – 16:30 VIVA @ LINC: New technologies to solve old problems in complex limb revascularization

CHAIRMAN:
Michael Jaff
MODERATOR:
Gary Ansel
Krishna Rocha-Singh
Peter Schneider
Sean Lyden

15:59 – 16:29 Live case transmission from Mountain View
Live from Mountain View
James Joye

16:00 – 16:50 Discussion and conclusion

15:51 – 15:59 There are so many choices for managing in-stent restenosis. This is what works best in my hands
Gary Ansel

15:43 – 15:51 New CTO devices are changing the game
Peter Schneider

15:05 – 15:13 What is the future of atherectomy and which indications will drive its use?
Sean Lyden

15:13 – 15:43 Live case transmission from Dallas
Live from Dallas
Tony Das

15:00 – 15:05 Introduction by the chairman

We are asking all faculty members to strictly respect the given time limits.
