| 10:45 – 10:55 | Pulsar 12 months performance in TASC D lesions and all comers registry  
                      Michael Lichtenberg                                             |
| 10:55 – 11:00 | Discussion and conclusion by the chairman                             |
| 10:20 – 10:45 | Live case transmission from Leipzig                                    |
| 10:10 – 10:20 | 4EVER 12 months data – practical implications                         
                      Koen Deloose                                                      |
| 09:35 – 09:45 | Combination treatment strategy – Pulsar and Lux DEB                    
                      Marc Bosiers                                                      |
| 09:45 – 10:10 | Live case transmission from Berlin                                     |
| 09:30 – 09:35 | Introduction by the chairman                                           |

We are asking all faculty members to strictly respect the given time limits.
Friday, January 25, 2013

MAIN ARENA 1

09:30 – 11:00  Symposium: Mechanical debulking in occlusive disease – how does it improve your treatment outcomes?
supported with an unrestricted educational grant by Straub Medical
CHARMAN:
Marcus Katoh
MODERATOR:
Peter Minko
Ruy Otavio Barbosa
Michael Lichtenberg
Miloslav Rocek
Eberhard Wedell

10:30 – 10:55  Live case transmission from Hamburg
10:55 – 11:00  Discussion and conclusion
10:20 – 10:30  Rotarex & DEB
Andrei Schmidt
10:10 – 10:20  Successful treatment of acute DVT with Aspirex® S
Miloslav Rocek
09:35 – 09:45  Mechanical thrombectomy: The better treatment option?
Michael Lichtenberg
09:45 – 10:10  Live case transmission from Leipzig
09:30 – 09:35  Introduction by the chairman

We are asking all faculty members to strictly respect the given time limits.
Friday, January 25, 2013

TECHNICAL FORUM

11:00 – 12:30   LINC Expert Course: Interventional recanalization of challenging CTOs: Advanced techniques for complex aorto-iliac and femoral obstructions - part II with live transmissions from Münster and Leipzig

   CHAIRMAN:  Patrick Peerers
   MODERATOR: Kazushi Urasawa
   Andrej Schmidt
   Dierk Scheinert
   Ralph-Ingo Rückert
   Michael Lichtenberg

12:15 – 12:20   Flash presentation: The value of CTO devices in challenging lesions
   Michael Lichtenberg

12:00 – 12:05   Flash presentation: Is there still a role for femoro-popliteal bypass surgery?
   Ralph-Ingo Rückert

11:45 – 11:50   Flash presentation: COMPLETE SE SFA stent trial final results
   Dierk Scheinert

   Andrej Schmidt

11:15 – 11:20   Flash presentation: The Japanese approach to femoro-popliteal CTOs
   Kazushi Urasawa

We are asking all faculty members to strictly respect the given time limits.
