TECHNICAL FORUM

- 11:00 – 12:30** **A decade of innovation: The great debate on carotid revascularisation**
CHAIRMAN:
Klaus Mathias
Frank Veith
MODERATOR:
Marco Roffi
William Gray
Carlo Setacci
Sumaira Macdonald
Sebastian Debus
- 12:05 – 12:30 When my "go-to" therapy is the wrong choice
- 12:00 – 12:05 Is there a way to make CAS better and safer?
Sumaira Macdonald
- 11:55 – 12:00 Is there a way to make CEA better and safer?
Sebastian Debus
- 12:05 – 12:10 The case for CAS: When is the stent better
Sven Seifert
- 12:10 – 12:15 The case for CEA: When is surgery the first choice
Stanislav Bartus
- 12:20 – 12:30 Panel discussion
- 12:15 – 12:20 How I make my treatment decisions – Insights from a surgical high-volume CAS center
Ramon Varcoe
- 11:50 – 11:55 Panel discussion
- 11:45 – 11:50 Is there a chance that ACST II can change the game?
Carlo Setacci
- 11:15 – 11:20 My take on the US CAS and CEA data
William Gray
- 11:10 – 11:15 My take on the European CAS and CEA data
Marco Roffi

We are asking all faculty members to strictly respect the given time limits.

- | | |
|---------------|--|
| 11:05 – 11:10 | I strongly disagree, CAS is a safe procedure in experienced hands, with the right technique and patient selection
Horst Sievert |
| 11:20 – 11:25 | Data are data and the message is clear
Frank Veith |
| 11:25 – 11:35 | Panel discussion |
| 11:40 – 11:45 | Status update on ACST II and other ongoing trials – what to expect?
Alison Halliday |
| 11:35 – 11:40 | Which studies should we do and how can we do better science?
Peter Schneider |
| 11:00 – 11:05 | Finally the guidelines are clear again: CEA remains to be the golden standard of treatment for the majority of patients
Martin Storck |

We are asking all faculty members to strictly respect the given time limits.

GLOBAL EXPERT EXCHANGE

09:30 – 11:00 Global expert exchange – Challenging carotid cases and complications

CHAIRMAN:

Horst Sievert

Sumaira Macdonald

MODERATOR:

Marco Roffi

Paolo Rubino

Carlo Setacci

Gioachino Coppi

10:20 – 10:25	How to prevent hyperperfusion syndrome Piotr Odrowaz-Pieniazek
10:25 – 10:50	Live case transmission from Berlin
10:50 – 11:00	Symptomatic vertebral stenosis: When is endovascular treatment appropriate?
10:15 – 10:20	OCT guided carotid stenting
10:10 – 10:15	Carotid stenting: Impact of experience on outcome
09:35 – 10:00	Live case transmission from Palermo
10:00 – 10:05	Use of proximal protection device by CAS for symptomatic stenosis of ICA – single centre experience
10:05 – 10:10	Proximal protection for carotid interventions, real world experience
09:30 – 09:35	Use of Michi flow reversal for complex arch anatomy in carotid stenting Ignacio Leal Lorenzo

We are asking all faculty members to strictly respect the given time limits.

MAIN ARENA 1

- 15:00 – 16:30** **VIVA @ LINC - Carotid bifurcation disease: pressing new dilemmas and pushing the field forward**
CHAIRMAN:
Peter Schneider
MODERATOR:
Mehdi Shishehbor
John Laird
Tony Das
Marco Roffi
Carlo Setacci
- 15:51 – 16:20 Live case transmission from Columbus
- 16:20 – 16:28 Advances in stents, protection devices, and patient selection will make CAS safer
John Laird
- 16:28 – 16:30 Discussion and conclusion
- 15:43 – 15:51 CAS is the right choice for patients who also require coronary bypass
Mehdi Shishehbor
- 15:35 – 15:43 Future carotid trials and endpoints. This is how we make progress
Tony Das
- 15:05 – 15:13 The case of repair of critical, but asymptomatic carotid stenosis
- 15:13 – 15:35 Live case transmission from Columbus
- 15:00 – 15:05 Presentation of the Vascular Career Advancement Award, sponsored by VIVA and LINC. 2013/2014
Awardees: M. Shishehbor, Cleveland, USA and M. Werner, Vienna, Austria.

We are asking all faculty members to strictly respect the given time limits.
