GLOBAL EXPERT EXCHANGE

08:00 – 11:00
Endovenous therapies for varicous veines
partially supported with an educational grant from Covidien

CHAIRMAN: Lars Rasmussen
MODERATORS: Martin Mory, Attila Szabó, Matthias Ulrich

10:10 – 11:00
Advanced disease management
09:41 – 10:10
Panel discussion
09:33 – 09:41
When to use which technology? Considerations based on clinical and preclinical insights
Michael Kendler
10:10 – 10:18
The management of side branches and perforator
Thomas Noppeney
10:18 – 10:26
The case where endovenous therapy is not appropriate
Karin Brachmann
10:42 – 11:00
Panel discussion
10:34 – 10:42
Endovascular and open management of renal vein nutcracker syndrome
Robert Feezor
10:26 – 10:34
How to establish an endovenous programme? In-hospital vs. office-based setting and reimbursement considerations
09:25 – 09:33
VenaSeal™ Closure System/Sapheon – Is it the solution?
Thomas Pröbstle
09:10 – 09:25
Recorded case: VenaSeal™ closure system: Tumescent-free treatment of symptomatic venous reflux disease
Tobias Hirsch
08:16 – 08:31
Recorded case: Venefit™ procedure - endothermal treatment of varicose veins with the ClosureFast™ catheter
Martin Mory

We are asking all faculty members to strictly respect the given time limits.

| 08:08 – 08:16 | The current evidence on standard ablation technologies: 5 year results with RF, laser, foam and surgical stripping  
|             | *Lars Rasmussen*                                         |
| 08:31 – 08:39 | The evolution of laser technologies for endovenous treatment  
|             | *Thomas Pröbstle*                                        |
| 08:39 – 08:47 | The Clarivein technology                                
|             | *Attila Szabó*                                            |
| 09:02 – 09:10 | Is steam still a solution for endovenous ablation?        
|             | *Michael Jünger*                                          |
| 08:47 – 09:02 | Clarivein recorded case                                 
|             | *Matthias Ulrich*                                         |
| 08:00 – 08:08 | Patient screening and evaluation for endovenous therapy  
|             | *Daniela Branzan*                                         |
