MAIN ARENA 2

13:30 – 15:00  Symposium: Successful strategies to reduce dose in endovascular procedures
partially supported with an educational grant from Siemens

CHAIRMAN:
Eric Verhoeven

MODERATOR:
Guiseppe Panuccio
Lieven Maene
Jos van den Berg
Johannes Gahlen
Sebastian Debus
Philipp Geisbüsch

radiation and contrast media
Philipp Geisbüsch

13:40 – 14:05  Live case transmission from Heidelberg

14:05 – 14:15  Optimize radiation and contrast dose by complex aortic procedures: the role of 2D/3D fusion
imaging
Guiseppe Panuccio

14:15 – 14:25  A modern hybrid-room ... your partner to reduce radiation and protect your patient’s kidneys
Lieven Maene

14:25 – 14:50  Live case transmission from Heidelberg

14:50 – 15:00  3D navigational tools: Of help or just another useless tool?
Jos van den Berg

We are asking all faculty members to strictly respect the given time limits.
