## LEIPZIG INTERVENTIONAL COURSE

# L I N C

The logo for the Leipzig Interventional Course (LINC) features the letters 'L I N C' in a bold, blue, sans-serif font. A large, stylized, blue brushstroke graphic is positioned behind the letters, sweeping from the bottom left towards the top right, partially overlapping the letters.

### SCIENTIFIC POSTERS

#### 13:30 – 14:50 **Moderated poster round in front of the LINC studio**

*JUROR:*

**Felix Mahler**

Claudio Rabbia

- |               |  |
|---------------|--|
| 13:30 – 13:55 | PVD/aorto-iliac  |
| 13:30 – 13:35 | Transradial access for above-the-knee angioplasty R. Lorenzoni   |
| 13:35 – 13:40 | Endovascular treatment of ruptured abdominal aortic aneurysms with hostile aortic neck anatomy P. Broos  |
| 13:40 – 13:45 | Chimney CERAB: an alternative solution for extensive or iuxtarenal aortoiliac occlusive disease K. Taeymans  |
| 13:45 – 13:50 | Endovascular treatment for Leriche syndrome W. Liang   |
| 13:50 – 14:50 | PVD/femoro-popliteal   |
| 13:50 – 13:55 | Valvulotomy to increase GSV diameter – a pilot study Matthias Tenholt  |
| 13:55 – 14:00 | Factors predicting failure or success in occlusive superficial femoral artery disease treated minimally invasive with covered stents F. Poelmann                                     |
| 14:00 – 14:05 | Randomized clinical trial favors the use of Freeway DCB over plain balloon for the postdilatation of nitinol stents in the SFA and PI segment to lower restenosis rate D. Kieselbach |
| 14:05 – 14:10 | Nitinol stents implantation in femoropopliteal disease in patients on hemodialysis M. Fujihara   |
| 14:10 – 14:15 | 7-year results of primary femoropopliteal stent placement: Do women benefit? E. Schönefeld   |
| 14:15 – 14:20 | Outcomes of spot stenting versus long stenting after intentional subintimal approach for long chronic total occlusions of the femoropopliteal artery YG. Ko                          |
| 14:20 – 14:25 | The COhorte de Patients ARTériopathes (COPART) Risk Score G. Hackl   |
| 14:25 – 14:30 | Results of thrombolytic treatment of peripheral arterial occlusions on an intensive care unit in a general teaching hospital V. Jongkind   |
| 14:30 – 14:35 | The outcome after stenting of ostial lesions in superficial femoral artery: a discussion of risk factors and reintervention J. Yue   |

**We are asking all faculty members to strictly respect the given time limits.**

## Tuesday, January 27, 2015

- |               |   |
|---------------|---|
| 14:35 – 14:40 | Longterm results of femoral thrombendarterectomy E. Schönefeld  |
| 14:40 – 14:45 | Prospective study comparing transluminal vs subintimal angioplasty for management of critical limb ischemia patients with femoropopliteal occlusive disease W. Eldaly |
| 14:45 – 14:50 | Stent implantation crossing deep femoral artery does not worsen six months clinical outcome after endovascular treatment Y. Iwata                                     |

## GLOBAL EXPERT EXCHANGE

11:00 – 12:30

### Nurse and Technician Forum – Part I

*CHAIRMAN:*

Antonio Micari

Jos van den Berg

**Felix Mahler**

11:00 – 11:40

Basic techniques in peripheral interventions

11:00 – 11:10

Step by Step: How I treat SFA lesions

Sabine Steiner

11:10 – 11:20

Step by Step: Infrapopliteal revascularization

Antonio Micari

11:20 – 11:30

Step by Step: Carotid artery stenting procedures

Ralf Langhoff

11:30 – 11:40

Step by Step: Hybrid procedures for peripheral obstructive disease

Holger Staab

11:40 – 12:10

Before and after an endovascular procedure

11:40 – 11:50

Revascularisation for claudication: when is it indicated, when not?

Markus Haumer

11:50 – 12:00

How do I chose the appropriate closure device

Jean Marc Pernes

12:00 – 12:10

Medical therapy after angioplasty / stenting

Erich Minar

12:10 – 12:30

Strategies for crossing complex femoropopliteal and BTK lesions

12:10 – 12:20

Subintimal or intraluminal, which way to go?

Koen Deloose

12:20 – 12:30

14, 18, 20, 35: Which wire for which lesion and why?

Michael Piorkowski

**We are asking all faculty members to strictly respect the given time limits.**
